Cable drum trailers LTV-R, SR, XR series ®

Unique product features :

- An upside opening rear bridge (easier drum insertion)

- Sophisticated quicklocks of axle-insertionblock (faster and easier, no loose rattling parts anymore)

- Smart quicklocks for axle (faster and easier)

- Side-bars front/rear (road safety, protection mudguards, easy & safe to reach high for Operator)

- Compact, strongly improved springsystem

- High sides (more safety for shielding the rotating drum)

- Drawbar lock (theft prevention)
